

Beryllium Health and Safety Committee

Spring 2013 Meeting

April 2-4th, 2013

Oak Ridge Associated Universities
Pollard Technology Conference Center
Oak Ridge, TN

All times are local (Eastern or GMT-5). Remote viewing of presentations will be available using GoToMeeting™. The web link and associated phone numbers will be provided to those who have registered for remote participation. Remote users should ensure in advance that the computers they intend to use are compatible with webinar software, such as GoToMeeting™. The technical portions of these meetings may be eligible for ABIH point credit. Telephone conferencing will be available for all sessions except the JOWOG meeting. Security information, prohibited items, required identification, room/building numbers, and instructions for reporting to the facility will be provided to those who have registered for the meeting. Hotel information, driving directions, and maps will also be included. There will be a group function/dinner on the evening of April 3rd. All participants are welcome to attend. More information, including estimated cost, will be provided at a later date.

Registration Link (attendees and remote participants):
